*I like the idea that the lakefront remains open. There are no major obstructions east of Lakeshore Drive.*

My favorite thing is that we have the drive and public land along the lake for us all. I would hate to see high rise development on the shore line. - The lakefront trail is narrow and used by so many it is scary. Some parts are so small you nearly run into fences along the golf course. - The parks are awesome But we need more tall prairie grasses planted to decrease quese population.  
Chgo is fortunate to have the Burnham play

I like the many LSD buses — I take advantage of their different destinations

I love that the lake front is for everyone — not just the few who can afford to live near it!

I enjoy the jogging /biking trails and the easy access to the lake front.
